Superintendent's Highlights

Our district has patron support in all aspects. Parent attendance is 80-100% at Parent-Teacher conferences. We are appreciative of a 95% approval vote on our Supplemental Override election and 84% vote on our Plant Facility election, enabling us to complete our gymnasium and begin our Fine Arts building, auditorium and parking lot.

Success is attributed to our elementary Reading Recovering program for minimal numbers of resource students.

Our fully-staffed middle school is incorporating innovative curriculum and block scheduling that are beneficial for this age group.

Progress Towards Meeting District Goals

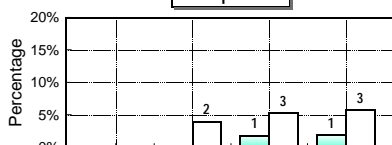

1997-98 Goals	Progress
Develop and adopt a consistent updated district-wide exit standard for each grade level and appropriate methods of assessment.	Math exit standards have been established for grades 1-8 and an assessment instrument is being written. Work is progressing on a science exit standard for grades 1-12. A holistic writing assessment tool for grades 1-12 is in place.
Implement five year technology plan based on site needs for improving student performance.	A business computer lab, high school writing lab, and middle school/elementary computer lab are up to date and in place. The middle school and high school is also networked with a computer in each classroom and internet access. The system accommodates attendance/grades. This coming year we intend to run fiber optic cable to each of our other buildings to network the whole district.
